“ My wife and I have only known Al and Sandra for a short time having befriended them at the Summit when we go there to exercise. I have enjoyed our conversations with them and seeing the love and devotion that they have for each other. Al would patiently wait in the chairs, near the pickleball courts, while Sandra would do her walks around the upstairs track. He was never shy to carry on a conversation unless he was getting a nap in. Once Sandra was done with her walks, it was time to say goodbye to everyone and head out to one of their favorite places to eat. If this is the memory that I have of Al in the very short time I have known him, image how long my post would be if I had gotten to know him earlier in his life. He was a good man and will be sorely missed by all who knew him. Our thoughts and prayers go to Sandra and family. My God grant you love and a peace of mind through this trying time.
