“ *Papa,
I don't even know where to begin. It was like one minute I'm telling you I love you and I'll see you later, then the next you were gone. I always believed that you were that one person that was invincible and nothing could take you down. I always think back to when you would buy us nerds and take us hunting for golf balls. You were the best papa and I'm so grateful that Mila got to spend her first year in this world with you. She would get so excited when she saw you. Y'all had an unbreakable bond and I'm so thankful for that. Thank you for being you and being the best papa anyone could ask for. I'll forever cherish our memories together. You hold a very special place in my heart. I love you and miss you and tell uncle Allen I love and miss him too. I'll see yall soon.*

Albert, you were always so good to me. Loved me and treated me like one of your own. I'll always remember hoping in your lap without notice and you never seemed to mind. Your spirit was kind and your heart golden. I loved our special bond even though long ago, you've kept a special place in my heart. Rest In Peace. Know your loved and your memory will live on through your beautiful family.

“Daddy, my heart is shattered i just cant imagine life without you. The only thing that gives me comfort is that i know we will be together in Heaven. I will cherish my memories of all the times we spent together just you and me talking about the Bible, the times we would set together and you woud tell me stories of your childhood and your life before you married mom. I loved those stories even though i had heard them time and time again. I looked forward to our times playing dominoes you, Lori, Barbara and me. I loved to see you smile Dad. I will miss you but its only for a short while till we meet up in Heaven Dad. I love you!!!! Love Tammy

“Daddy, you have no idea the love I have for you. You have fought so long and hard to be with us longer even though you had been in so much pain. The more we fought for you, the harder you fought for us girls. I hold close to my heart all the nights we played dominos (Can you feel the breeze 😊) only us girls would get that. I know it's time for you to rest and be with Allen. May you now REST IN PEACE! I will forever and aleays love you..
