“ My mom was a special soul. I’ve always missed her, but now, she’s not there. As I tried organizing this whole thing and managing the final arrangements, I constantly have to catch myself from thinking, “maybe I should call my mom and ask how to deal with this.” Usually, it was something she may have had experience with.

“ My grandma was one of the most important people in my life. I will always love and cherish her memory. Life is and will always be crazy, and even though we all had our arguments, we still love each other, and we will always be family. I love you!
