“ To the Coleman-Alvarado Families, I want to express my heartfelt sympathies on the loss of your little brother, Basilio, and "Uncle Basilio" to so many nieces and nephews. I didn't know him very well but your family and my Grandchildren Chris, Serena and Natalie Coleman who are part of your family, are in my thoughts and prayers. I can only imagine he was received joyfully in heaven by Rosa and Robert, as he celebrates a new life with Christ. God Bless!

“ I sit here thinking about how my life will be without my little brother. He always had inspirational words when I needed them most. He always had a positive attitude no matter how crappy the situation was and he always had his smile. I admired him because he would be in dialysis with a mountain of health problems, he could've been bitter and not care about anyone else, but instead he would get online and offer words of encouragement and inspiration. He always ended his videos with "Remember, Jesus loves you". I would watch these videos and they would get me up. I know my brother touched so many lives. I take comfort in knowing that he is in heaven with mom, dad, and Jesus himself, who I know has taking Basilio in his arms and has told him that he loves him in person. I will miss you little bro, but never forget you. Till we all meet again, this isn't goodbye but instead, I'll see you later. Love you brother

“ I remembered when our dog Roxie had puppies. You were in middle school and somehow convinced your mom you needed one. Unfortunately parvo was in the air and later the pup died. The love for animals is my fondest memory of you. You were your mother's child 100%.. spoke your mind with out hesitation. I will miss your fb posts the most. Your positive attitude no matter how much pain or hurt you yourself was going through you kept it upbeat. Your heart of gold has been traded in for some angel wings. We all know who greeted you in Heaven Rosa and Robert will show you all the fun places there. Missed dearly on Earth but never forgotten. 💙💚💛

“ Many have wondered why basilio was called Peanut..... when I took care of him as a little two year old he was so small, sad, no energy, not what a typical two year old would be like. Being with his grandma and me(tia lupita) he flourished. He grew, ran, jumped, learned to chew his food properly. He was a normal two year old. He continued to be called Peanut all his life because that's what I named him. He was my baby and will always be my baby. My heart is broken as many of yours is because he meant so much to many people. We as a family are grateful for all his friends who only had the best of intention for his well being. Thank you for being his friend. Like Peanut used to say.... JESUS LOVES YOU.... Love life..... Live every day to the fullest.... signed by Peanut's tia (aunt)
