“ *Brenda and I reunited our friendship years ago when we found each other on social media and picked up where we left off. Not many can do that after moving away and losing touch with each other, but we did. We grew up together for the first decade of our lives, you were my first and best friend ever! You were so beautiful inside and out, you had a heart of gold and always showed so much love for everyone. Makes you realize just how precious true friendship really is.*

*I will always love and miss you my dear, dear friend...Rest in Peace now,*
