

Connie Margaret Renfro

October 5, 1958 - June 27, 2012

Connie Margaret Page Renfro, 53, died Wednesday, June 27, 2012 in Dallas, Texas after a 2 year battle with cancer. Connie was born on October 5, 1958 in Zwiebrucken, Germany where her father, the late Ted Ray Page was serving as a military police officer. He would meet Valerie Carol Mann and soon after they would marry. Connie became a sister with the birth of Robert Ray Page, and the family would move back to the United States. Ted Ray Page remarried Connie's second mom, Verna Page and soon after they would have a son, James Ray Page. Connie's drive for life lead her to drive others in schools buses, shuttle/charter buses and limousines. Her job would take her to various places across the nation, giving her the opportunity to see much of the country. Connie had a talent and a passion for cooking and baking - often using ingredients from her own garden. Even when times were tough, Connie found a way to share this passion with others. She created marvelous treats during the holidays and bags of candy to those who rode her bus. If you were fortunate enough to try her cheesecake, it's one you'll never forget. She was the owner of a big heart, anxious to help in time of need. She had a soft place for pets, and would work tirelessly for injured or abandoned animals. She is survived by her husband, James Marcus Renfro; children, Angela and Kevin Bransford, Brandon Renfro and Kristy Walker, Amanda Renfro, Rebecca Ramirez; grandson, Shane Bransford; mother, Valerie Boyd; her second mother, Verna Page; brother, James Ray Page; grandparents, James and Alice McCullough. She was preceded in death by her father and a brother. A

private family gathering will occur at a later date. If friends desire, the family directs donations in Connie's name to the Animal Rescue Center, American Cancer Society, MD Anderson or a charity of choice.
