“ Our dads were brothers which made us cousins and I remember our childhood vacations to San Benito like it was yesterday. Even though we lived 1400 miles apart it was always an awesome time when we did see each other at the family gatherings at Tia and Tio's home; eating church's chicken and then going outside to play baseball. I also remember one time going to a football game to watch the band perform something we never experienced in Chicago. Frankie, always a sports guy and always smiling too! It is these memories that help bring comfort during these difficult times. May my memories of what a wonderful person he was to other family members help his children during this tragic time.

I know that we will meet again and Frankie will be there waiting with a smile!

I love you cuz!

“ We are born and raised in California,my Dad and his Mother r Brother and Sister. We only went to San Benito once maybe twice a year. So each time when we would be there all our Cousins,Aunts and Uncles would all get together. Always,Always when Frankie and Danny came over they always had their baseball gloves ON! and a baseball and played catch a lot!!! That is the one thing I always and will always remember about my Cousin Frankie. He would have loved to know that we are big Texas Ranger fans!! Luv your Cousin DeDeAnn.
