“ *Gabe was my good friend. We would spend our Friday's together playing video games, talking about life, our hopes and dreams. Hours and hours spent with this man and he changed my life, his smile was one of a kind and his laugh was mesmerizing. We watched end game together, went to prom, we stood outside of school every day after school and messed around. He will always be with me and our friends no matter what. Much love and condolences to all family and friends*

“ Gabethis is so hard to write. Days seem to get longer and nights even longer....it was just a few weeks ago we were having lunch together. Talking about the past and the future! Your handsome self and smile always brought joy to my heart and will always remain. I love you then and ever so now and forever. No one can take away our memories as family we all shared. I remember our trips and now so grateful we had those to cherish. I remember MiMi house you playing in the back yard in the trees and the things you and Josh confess too here recently, that we now laughed about. I remember how Brack made you laugh with the little shows he performed for us. You are the most respectful , kind ,smart ,gentle soul kid I've ever met (well actually all three of you kids are) . I am lost for words and the pain hurts deep down and will never go away. This has changed me forever but my love for you and your family is ever so stronger. You will forever be part of me and remember you always as Gabies. Your dad often called you that ! The house is full of memories and I will always have your beautiful smile in my mind. Thank you for being part of our family . Josh , Brack Lynn , Keleko and I will always and forever love you and remember you. We love our beloved Gabe!

“ Gabe was my brother. I won't say like because even though we were step brothers I've know, Him for more than half my life. I have countless of memories with him and our family. But the most important one to me, was the memory of us sharing our feelings and thoughts. I was always the one doing the goofy stuff ,or dating girls haha. But when I came into the room we talked about who he liked and who I liked. Then we talked about the type of games we played , we even played games together. Knowing that we could share our feelings and thoughts ,felt like we understood each other more. I knew Gabe well enough to understand he could achieve his dreams when he tried. I'm so lost on my heart for losing my brother. I know that god has a place for you, and you are forever with us. I won't ever forget the memories we made , I love you bro.

“ Gabe was my student first semester this year in Algebra 2, and I am deeply saddened to hear this news of his passing. I will be out of town during his visitation and funeral and regret not being able to attend. My sincere condolences to his family and friends. I was so proud to see him graduate recently!!

“ Gabe and I (Brack Dean) always got along. Gabe was always there as an older step brother to help guide me and support me as the rest of the family always did. When Gabe and his 2 sisters came over it was always a blast. Gabe and Josh are the two who actually motivated me into playing football because we used to play all the time when he came over. Gabe made a huge impact on my life and I'm so grateful for the time I was able to spend with him. He will always have a special place in my heart.
