“ *My deepest condolences to the Guffey family both close and extended. Gary and his Dad Herbert once did something for me back in the early '70s that I will remember forever; it is burned firmly and forever in my mind. I will be thinking of them both in the last 24 hours of my life if God is willing, and I will hold them both up to the Lord for it.*

*Gary, I was with you enough to take your full measure, and you were and will always be the best friend I ever had. We helped each other out again and again and I thank you for putting up with me and my sometimes arrogant behavior. Even though I have been away from the local scene for many years the thought you are gone makes my heart hurt. I thought about you from time to time but somehow like always the world got in the way.*

*I will definitely be seeing you again and until then may the Lord light your way.....Howard Bell*
