

Jackie Duvall

October 16, 1946 - October 12, 2021

Jack Duvall, a life-long Grand Prairie resident, went home to be with the Lord on October 12, 2021 at the age of 74.

Jackie Gus was born to Jimmie and Ettie Duvall on October 16, 1946 in Dallas, Texas. He attended Grand Prairie High School and graduated in 1965. After high school, Jack worked briefly at LTV before becoming a member of the Irving Fire Department. He was a dedicated EMT and firefighter for over 30 ½ years before he retired in 2006.

Jack loved woodworking and fishing and enjoyed them both during retirement. He spent a lot of time in his woodshop where he made furniture, boxes and all sorts of trinkets. He also enjoyed listening to music and collecting vintage LPs and records. He was proud of his firefighting years and collected fireman memorabilia as well. Jack was also a member of the Son's of the Republic of Texas and Son's of the Confederate Veterans.

Jack is survived by his wife of 41 years, Connie, his son Jackie Clay and his wife Melanie of Louisiana, John Matthew of Grand Saline, Texas and Sherry Fragale and her husband Mark of Ovilla, Texas. He had 9 grandchildren and 1 great grandson, and they all adored their Papa. Jack is also survived by a brother, Jimmie Duvall, 2 sisters, Jan Barrett and Judy Whitwell and many nieces and nephews. Jack loved his family and friends dearly. He was

someone you could always call on if you needed a hand or any woodworking tool! We will all miss his stories from the fire department and the strange 911 calls, but we know he is probably fishing and spending time with his mom and dad up in Heaven.

A celebration of life will be held on October 30, 2021 at 1:00pm at West Fork Presbyterian Church, 908 Santerre St, Grand Prairie 75050.

“ Little brother, I will miss you so much. I think back on all our years together growing up. The good times and the bad times. I remember how you used to irritate us with your silly Jackie Gleason walk as you smirked at us as you danced through the house. Oh how that irritated me and Jim. Judy was too young to remember. You were so smart and could make anything in your wood working shop. You would make Connie some of the neatest things and show me, which was a mistake because you usually had to make me one too, which you always did. The times we shared going to Canton and looking at all the old things that we used to play with as kids. I know you loved your family very much and you were always a good friend to others. I will now cherish those memories and I know you are with mama and daddy in heaven and one day we will all join you. Just don't do that Jackie Gleason walk when you see us, Ok. Love you brother, your sister, Jan.

“ I'm going to miss him showing me things that he built and schooling me on the different types of wood, stains and so forth. If there was anything that I needed help with or a question about something, he never hesitated or was too busy to lend a hand or advise. I will miss him a lot.
