“ I thoroughly enjoyed our conversation at Christmas at my parents house. I had no idea you were suffering. You expressed that you were finally getting to a comfortable place with your job and the kids. I never knew you were even remotely depressed. You hid it so well. If I had only known....

The puppy you and Kim gave to Emily a few years ago has been such a blessing to us, even more so now.

I will miss your smiling face!

Love you, cousin!

“ José I will always remember how you lived not for how you left us. I can remember when you and Kim were just goofy little teenager's in love and so full of life. I will never forget you and will always hold you in my heart. I pray for you and your family during this difficult time and hope that within time they can heal.
