“ Linda was one of my good friends from MacArthur Hi. I can't remember what grade we were in, but I do remember that she was engaged to Fichard Brewster. They got married after she graduated. She was very sweet and well mannered. When she came to pick me up, I remember she never camped out on the horn. She was so polite, she always came to door to get me. My parents liked her for what a nice young girl she was.

“ Mom,  
*I think about you a hundred times a day..I miss you so much. Our world will never be the same without you. You made the world a better place, always caring about others, especially your family and friends. You were the best mom anyone could ask for and played a second mom to many. You made every event and holiday special. You were so proud of us kids and your new grand baby. My heart is broken that she will not get to grow up with the best grandma ever. You loved to cook for your family, sew, watch old movies, catch a movie at the theater, grab a bite out, go on a road trip, or go to the lake, among many things. You made life more fun, as every weekend you usually had something planned. We never got to take that sewing class together and I sure hope I can carry on some of your traditions on recipes. There's so much I still wanted to do with you. I miss you terribly and there's a big hole in my heart that can never be filled. Thanks for loving us unconditionally with all you had. You gave us the best childhood and then the best times in our adult lives.. those memories keep me going. Love you so much mom. I can't wait to see you again one day.*
