“ *I met Big Mike at the Denny's on Grand in Amarillo, along with my first husband ( his best friend ) Ray. Mike and I immediately hit it off and have been close since. He was there for every major event of my life. He was in my wedding, there at the birth of my little girl, at every hospital stay for Tori, he was our roommate and my little girl's adopted uncle, he held my hand and cried with me when we laid Ray to rest, he helped me move on and became friends with Richard (my husband now). He always laughed and made me smile with his crude jokes. He always listened and contemplated what was said, which is a rare trait. I am going to miss him more than I can write in words. I hope he's in heaven with Ray and Carol managing their music and making great food for all those we've lost along the way. Love you Mikey, Tori sends butterfly kisses.*

*So sad to learn about this the other day. Mike did so much for the people he cared about. Case Ole in Amarillo was where we met and became friends. Didn't get to stay close as years went by but, always great to talk with and catch up. Will be missed by many.*
