“ Where do I even begin JR? I know in the recent years I was very distant and I wish I could have changed that. I always enjoyed you calling me to pick you up from school, or to take you out to eat, or even just because. You had the habit of not telling your parents until last minute! Us Flores kids have got such mouths I should know. Yet you always just had something smart to say! You're love was like no other. We knew family was important to you and you made it your way to show us. I think what I'll miss the most is your affectionate hugs. You being this big 6ft2 19 year old, yet went all carebear with your hugs. I'll miss the hugs you gave me along with the high pitch "miiiiisssssttttyy" you would add. When you asked me to be your sons Godmother I had no words to describe the happiness you gave me. You can rest easy primo your family will be ok. You can bet that your son will be very loved and taken care of. I Love You Jr. We will meet again one day❤️

But you will always be my little brotha and godson!! I will forever miss you carnal!! I just wanna ask you one thing, now that you're in heaven put in a good word for me with the big guy so when my time comes we can chill together up there!!

“ My dear nephew, I remember you as a child growing up. You were so active, I use to laugh because you could not stay still lol. But you grew up into a fine young man. Mijo you were a light in my life even if we barely saw each other. We had a good relationship. Thank you mijo because I miss you so much mousey. I know you are with Jesus Christ right now mijo. Me and Maricruz love you so much son. I know we will see each other one day. Until then mijo God Bless You. Love, tio john and maricruz.

“ Hey mijo, for some reason you were given the name 🐭 you would make me run after you and you would just think it was real funny. I should have put you the roadrunner, think I'll pass it on to your son. He is just a spitting image of his father, luv it💖 I can recall you playing Barbie dolls with your cousin Nena, made me think there for a while😁 tia kaka taking us to Graceland was more than I had expected. Big Jr holding tight to his money, while you were spending it like there was no tomorrow. Enjoying all that free brkfst at the hotel, well it wasn't actually free, but you know what I'm caulking about. Going to Pensacola just to buy you that snapper you wanted or was it red 🐟? I told you to eat anything you wanted, and you did because your mom and dad weren't around to stop you. I could go on and on mijo, but I'm not. I want you to sincerely know that I was and am proud to be your mamaw forever and ever. You and I never had a disagreement or did we ever disrespect each other, so proud of you son. Your parents taught you well 🙏 mamaw Luvs you and will always love you my little 😊 God bless you son till we see each other again.

“ Hi baby! I miss you so much, like I can't express it enough. You were my first baby basically, I saw you grow up, I wiped your butt with your birth mark that we all made fun of you for lol. You played barbies with me, even tho you didn't want to except it you did!! Me and you were unbreakable as kids baby. Your mom and dad would go “play bills” but really going to party and I would watch you!! I miss those times. So many memories as kids, and even now all the memories of us having fun!! I'm going to miss that. This pic is the last (appropriate) pic of us! Lol I'm going to miss your crazy butt! I'll forever be your NINA, not NENA. NINA. You literally were the only one allowed to call me that. I love you baby. Say hi to my brother for me. Have fun up there with him. ❤️ See you later babe love you so much!!!!

“ Hey mouse mouse, you would laugh when I would call you that. I remember us always wanting to vent and talk to each other because we both had similar things to discuss. You would always get in the car and be like “play this song les” and I would be like okay after this one lol. You would wake me up in the middle of the night and say “les you wanna go to McDonalds? I’ll buy you a mocha frappe and some fries” 😂 and I would be so sleepy but I would get up. One night I didn’t and if I could go back in time I would have waken up to take you. Us walking in the middle of the nights with Jr. You always telling jr “that’s my sister too,” lol you’ll always be my baby brother. You said we were the three musketeers forever. I love you mousey! I play purge by jaydayoungan in the car because you would always ask for us to play that song. Man, you’re forever gonna be my baby brother not my cousin. Me and Jr are gonna take care of baby mousey I promise you. You would play with baby j and I can’t wait to tell him about his tio mousey. I love you forever ❤️ 🙏🏻”

“ Miguel I'm still in disbelief. You were always a good kid, always respectful and kind to me. I remember always giving you advice, lecturing and asking you a ton of questions lol your response was always like “Huh and like oh yea!” You telling me hi was like “Hi Ivette”and a big wave always a wave lol
I have some many memories of you it's crazy short period of time we got to get to know you and you left such an impression ❤️ I know you loved my niece and Junior with all your heart!
How you tickled Junior chin with your nose and he would make the cutes face was always so adorable to me. It hurts me your time was cut too short. Rest easy Migi I know your parents, Angela and everyone else around them will help live your legacy Junior will grown up knowing so much about you. RIP Miguel love

“ My compadre, where can I start lots of funny hilarious moments which these kids but the one that really hits home was the day that him and Angela asked to go with me to exercise at the park (for the record I was the only one exercising 😬) well as I'm finishing up we start to head back to the truck at this point I'm tired as hell and him and Angela were whispering staring at me as they were plotting something and I ask wtf y'all looking at and before I can finish he picks up his lil hands like a dinosaur (and we all know how tall Miguel was) and roars load as hell and scares the shit out of me 🤩
👉 long story short they both thought it was the funny lest shit ever lol he was like Angela never told you about my dinosaur I scare everyone with it lol , no matter the situation or even me lecturing him over the phone instead of telling me to fk off he was always respectful he always ended it with I know I know I love you tío I'll never forget that face or his smile looking right at me that day , gone too soon until we meet again mijo 😭

“ Mig,

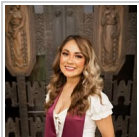

I remember we would be driving around in the car and we would talk about the dumbest things. I would tell you about girly things and you would give me the funniest and realest advice 😂 Although I wish we could've had more time I am extremely grateful of the memories that you were apart of. You were truly a brother to us and was always down for everything. I remember I would flinch EVERYTIME you would play with the baby because you would always toss him around like nothing but jr loved it and would laugh so hard. I'm going to miss seeing you at family parties and around the house. You will always be in our hearts. I hope you're enjoying the view from above, you always loved nature.

“ My baby boy, my heart. I remember when mijo was around 4 and he loved to say "that's what I'm caulking bout" for whatever reason he couldn't say "that's what I'm talking bout" and I wasn't going to be the one to correct him b/c I loved making fun of him and he knew it. If you grew up with him, you know what I'm talking about. Babe you left us too soon papi, but know we love you more than words can express. You had the most beautiful smile, you were mom's handsome young man. Don't forget to tell them up there "my names mousey", mine and your inside joke babe, I love you to pieces and know I'm not afraid to leave at any time because I know you will be waiting for me with open arms. God bless your soul babe, Mommy loves you, goodnight🥰
