“ *Orville was one of a kind. He was a very special man. When our girls were very small, he took them out to show them where milk came from and squirted milk on a cats mouth. They were city girls and thought it came from the store. They talked about that for years. They were so impressed with him. We all loved him dearly.*

“ *Blessed to call Orville brother and faithful friend. What a gifted and talented man: gardening, welding, woodworking, creating and designing many of his projects and blessing others with his labors of love. Thankful for his life, his smile, his joy, his huge heart to help and serve others, his integrity, loyalty, honesty, diligence, the way he encouraged those around him and how he cherished his sweet family. He always had a song in his heart and on his lips and I loved to hear him sing. We carry your memory in our ❤️.*
