“ *I will never forget the gift Robert gave Forre and I when we got married. He had two tickets to see Vince Gill (I Love Vince) Robert handed those tickets to me and say please enjoy. These were not just general tickets they were front row center. Robert not only cared for his family and made them happy he also cared for his friends. He will be missed by all that knew him.

“Dad I can't you enough for loving your family the way you did. I remember all the baseball games the hockey games, going to work with you. Going to six flags to hurricane harbor. You did so much with us and made us so many memories. Kaiden was definitely a papa boy I am gonna miss seeing you in your chair and Kaiden sitting right next to you as he always did. I will miss the text message you would send me. The phone calls. No matter what time it was you always said to call if i needed you. Daddy you were my everything I am blessed to have been your daughter for 36 years I just wish it was longer, I thank you for raising us in church and teaching us about God. I promise to keep Kaiden in church. Oh how I wish we had more time together. I will always remember our stockyard days and eating at Risky BBQ then walking around. Kaiden loved you so much. Thank you for loving him like you did you never told that boy of mine no.. I don't know if time will heal but I am gonna try to be there for mom and take care of her. All of us will. Your memory will always live inside of me. I love you and I am honored to say you were my daddy. No one compares to you, there will never be another man like you. I love you so much

“Dad, I still don't want to believe any of this is real. I miss you so bad. I have so many memories of you and I that I'll hold onto always. I was your baby girl. All the sporting events you took me to. The times you let me ride with you all day in your catering truck during the summer break. You'd ask me to keep an eye out to make sure everyone who got food paid. Then after the day was over I'd help you shovel ice for the next day. Mom would always ask if I wanted to come home after a few hours and I would always decline so I could spend the whole day with you. I'll never forget the last time we hung out just you and I. The night we spent at fuzzys on February 19, 2022. You were telling the bartender drinks that were popular when you bartended in the 70's. She never heard of any of those drinks. What I would give to have one more night like that. Thank you for spending time with me even if you were tired. I'll cherish every moment I had with you. Watch over us Daddy. We miss you and love you.
